## THE GOLDEN ROTARY CLUB SUPPORTS HOLIDAY FOOD BOX PROJECT

For many years, Golden Rotary Club, Golden High Interact Club, and community members have packed Holiday Food Boxes for the less fortunate members of our community. Approximately 300 households are served each year. The food boxes are distributed through a combination of on-site pickup and delivery to the Jeffco Action Center, to kids/families in need from Golden schools, folks who are served by the Calvary Pantry, Canyon Gate and Lewis Court Senior Apartments and Christian Action Guild.

A senior resident of the Lewis Court Senior Apartments told us recently about what the Holiday Food Box Project means to her and other residents at Lewis Court. The food boxes she receives enables her to have a nice Christmas dinner that she would not normally be able to afford. She also told us that many Lewis Court residents often have to decide whether to use their limited incomes to buy food or prescriptions. By having the food boxes, they are able to live more comfortably around the holiday and have both nutritious food and the prescriptions they need.

The Holiday Food Box program is just one of several Golden area programs that the Golden Rotary Club is honored to support. This program along with many others will benefit from the net proceeds raised at **The Foundation at Rolling Hills annual Golf Tournament and Gala in June, 2019**. To learn more about these events and sponsorship opportunities, go the **Foundation** page at [www.theclubatrollinghills.org](http://www.theclubatrollinghills.org).

Many thanks to two of our generous and newest supporters:  
**COLORADO SCHOOL OF MINES**  
**JEFFERSON CENTER**
